## Change of Status Application College of Education Graduate Programs

Are you adding an additional program to your current program?  No  Yes

Selecting "yes" is a request to be enrolled in two programs simultaneously. Note that courses cannot be used to meet degree requirements in two master programs and courses completed for a master's degree may not be used in an Education Specialist program, i.e. double counting of courses is not permitted. Some programs do not permit students to be enrolled in more than one program at one time.
