M.Ed. IN EDUCATIONAL PSYCHOLOGY PROGRAM

Revised 7/27/17

The Program Area of Educational Psychology offers a 30 semester hour program leading to a Master of Education (M.Ed.) degree in Educational Psychology. The goal of the Master of Education (M.Ed.) program is to provide students with a breadth of knowledge regarding the application of psychology to education, which can be used in a variety of settings such as schools and businesses. Specifically, students will acquire a foundation of psychological knowledge in areas including human development, learning processes, and social psychology. They will also learn about educational foundations and history as well as evaluation and measurement concepts. This program is particularly well suited for teachers who wish to enhance their teaching skills by expanding their knowledge of how psychology concepts apply within educational contexts. However, people in other fields have found this program to benefit their chosen career paths as well.

This program does NOT lead to certification as a school psychologist or licensing as a Limited Licensed Psychologist. Those interested in obtaining certification or licensure in applied areas of psychology should contact the Educational Psychology Department Secretary (3-North, College of Education, Detroit, MI 48202, 313-577-1614) for information about the School & Community Psychology or the Counseling Psychology Programs.

Listed and described below is a description of the procedures for applying for admission to the program, as well as information regarding the course of study.

Admission Prerequisites

Applicants are expected to meet the minimum undergraduate 2.75 GPA requirement outlined by the WSU Graduate School. GRE’s are not required.

Course of Study

However, it is strongly recommended that you meet with your assigned advisor before starting course work so that you can plan your curriculum purposefully and efficiently. This Plan of Work lists all of the courses needed to complete the requirements for graduation. Forms for the Plan of Work may be obtained from the College of Education Academic Services Office in 489 Education (313-577-1605) or from the Educational Psychology Department Secretary.

The coursework for the Master of Education Degree is divided into core courses (6 credits), major requirements (18 credits), and electives (6 credits).
