Special Education Curriculum Guide: Level 1 (Major Code: PSPE)

Effective: June 1, 2011 through May 31, 2012

Special Education: Cognitive Impairment

The undergraduate program in Special Education with a major in Cognitive Impairment leads to a Michigan Elementary Provisional Teaching Certificate for teaching all subjects in grades K-5; all subjects in grades K-8 in a self-contained classroom; and for teaching children who are cognitively impaired in grades K-12.

The program for Special Education consists of University General Education Requirements (Competency Requirements and Group Requirements), College Requirements (the Special Education Comprehensive Major), a major in Cognitive Impairment, and a sequence of professional education courses, including one semester of pre-student teaching and two semesters of student teaching (one semester in the general education classroom and one semester in the special education classroom). The policy of the College of Education is to provide teaching experiences in both an urban and a suburban setting.

College of Education Level 1: Completing University & College Requirements

Admission to the College of Education is based on two levels. Students are directly admitted to the College of Education Level 1 from high school or another institution of higher learning by completing an admission application to the University, selection of a College of Education program on the admission application, and acceptance to Wayne State University. Level 1 students are working to fulfill the requirements found on pages 2 through 5 of this guide, which includes General Education Requirements, College Requirements (the Special Education Comprehensive Major), and the requirements for admission to Level 2.

College of Education Level 2: The Cognitive Impairment Major & the Professional Education Sequence

Admission to the College of Education Level 2 program requires a separate College application, which is available in Room 469, College of Education or online at http://coe.wayne.edu/as/admissions.php. Students complete the Level 2 application when all Level 2 admission requirements have been fulfilled (see page 5). Admission to Level 2 is not competitive. Students meeting all requirements will be admitted. Students in Level 2 have access to the Cognitive Impairment Major and to the course in the Professional Education Sequence (see page 6).

Important Restrictions

- No grade below a “C” may be used to meet College Requirements or courses in the major, minor, and the Professional Education Sequence. Note: All students must receive a “C” or higher in Basic and Intermediate Composition if these requirements are completed or transferred in Fall 2008 or thereafter. A grade of “C-” is not acceptable.

- Not more than 64 semester hours from a two-year school or schools will apply toward graduation.

- This curriculum guide is subject to change based on WSU start date.

* If you are interested in teaching Special Education at the secondary level, there may be additional requirements. Please contact your advisor.

University Group Requirements

In meeting group requirements, please note that a given Subject Area Code (e.g. ANT, HIS, PS, etc.) may not be used more than twice, that a course must be at least three semester hours to meet the requirement, and that courses may not be taken on a Passed/Not Passed basis.

Where a choice among courses is possible to meet Competency Requirements, Group Requirements, and College Requirements, the College of Education recommends those courses that would also fulfill a requirement for a major or minor in that subject. Group requirements for Life Science, Historical Studies, Basic Social Science, and American Institutions are fulfilled by the Comprehensive Major listed on page 4. The Group requirement for Visual and Performing Arts is fulfilled by the Professional Education Sequence listed on page 6.

Important Information for Education Students

Please Read

Level 1 Advising

To determine your progress in meeting University Requirements, College Requirements, and Admission Requirements for Level 2, please see your College of Education Advisor in Academic Services.

The Division of Academic Services in Room 469, College of Education has open advising each Tuesday from 9:00 am to 4:00 pm. If you arrive by 4:00 pm, you are guaranteed to see an advisor.

To schedule an advising appointment for another day, please call (313) 577-1601.

Honors Program: For information on the Departmental Honors Program, please contact Liza Lagman Sperl, Academic Advisor at (313) 577-3030 or through e-mail at ab8898@wayne.edu. The Honors College is located in 2100 Undergraduate Library.

PUBLIC ACT 96 of 1995: It is a criminal offense to use, or attempt to use, a college or university transcript that is fraudulently obtained, or forged, or to use other fraudulent credentials to obtain a teacher, school administrator, or school psychologist certificate or to obtain State Board approval.

PUBLIC ACT 335 of 1993 Sec. 1531b. Effective July 1, 1995: Applicants to the teacher certification program must demonstrate successful group work with children. Documentation of this group work is required to enter the Teacher Certification Program. A total of 40 hours of successful group work with children is required. The State defines a group as three (3) or more children (not your own) between the ages of 3 and 18. Students are reminded to find a group work experience that is compatible to the age group they plan to teach. The group work experience needs to be recent (within the last 5 years) at the time of admission to the teacher certification program.

Some examples of group work include: Camp counselor, group tutor, playground director, religious teacher, scout leader, substitute teacher, teacher assistant, team coach or youth leader.

PUBLIC ACT 68 of 1993 Sec. 1230: This act requires public and non public schools to conduct a criminal history check of new teachers, school administrators, school psychologists and other personnel required to hold State Board of Education approvals. Students interested in becoming certified teachers must supply a statewide criminal history check prior to admission to the College of Education and again prior to applying for certification.

If you have criminal background issues, please provide a narrative describing the incident(s) from your perspective for review by a committee in the College of Education. If you do not provide this information at the time of application, your admission/certification will be delayed.

• Have you ever been convicted of a felony?
• Have you ever been convicted of any other offense?
• Have you ever had a professional license or certification denied, suspended (for cause) or revoked?

A criminal history check, by name, without fingerprints may be accessed for a fee at http://apps.michigan.gov/ICHAT/

Any person seeking admission to a teacher certification program who has been convicted of any offense must provide certified copies of all documents relative to his/her conviction, including a “Judgment of Sentence”. This document may be obtained from the court where the matter was adjudicated. After review by the College of Education Committee, the applicant will be notified in writing of the Committee’s decision.

Note: The State Board of Education may refuse to grant a teaching certificate to an applicant convicted, as an adult, of an act of immoral conduct contributing to the delinquency of a child, or a felony conviction.

PUBLIC ACT 18 of 2003 Sec. 1531d.: This act states that “beginning July 1, 2004, the superintendent of public instruction shall not issue an initial teaching certificate to a person unless the person presents evidence satisfactory to the superintendent of public instruction that the person meets the following: Has successfully completed a course approved by the department in first aid and cardiopulmonary resuscitation… and holds valid certification in these topics issued by one of the following organizations approved by the department [Michigan Department of Education]:”

American Heart Association • American Red Cross • American Safety and Health Institute • Emergency Care & Safety Institute
Lansing Area Safety Council • Medic First Aid • Safety Council of Southeast Michigan

Students must submit the following documentation to the College of Education when applying for teacher certification (all of the following must be current):

Certification in Adult CPR • Certification in Child CPR • Certification in First Aid

Certification in automated external defibrillation (AED) is recommended, but not required.

It is the student’s responsibility to become familiar with and to complete all requirements for the program.
